

One floor new semi-detached houses in Los Alcazares

#11545

€226,000

Buganvilla plus is a semi-detached house on one floor with two bedrooms and two bathrooms. The house offers a smaller plot with parking and a large roof terrace. The houses are built entirely according to building standards in Spain today with insulation in walls and ceilings, double-glazed windows, solar-heated hot water and high-quality surface treatment. Pre-installation is done for the installation of air conditioning, which you can choose both type and variety yourself. The front door is of a modern security type and the windows are covered by blinds. Here there is plenty of space for storage in fixed wardrobes and fully furnished bathrooms.

As an option, there are offers for swimming pools in different sizes, white goods in the kitchen as separate packages, and air conditioning. Otherwise, the house is ready to move into when completed. Prices are listed as from prices.

Los Alcazares is well known for its golden sandy beaches, its restaurants offering delicious cuisine from Murcia and around the world, and its weekly markets and legendary parties. The village has 15,000 inhabitants and 7 km of
